

COASTAL & ESTUARINE RESEARCH FEDERATION®

Mission & Benefits to Members

The Coastal & Estuarine Research Federation (CERF) advances understanding and wise stewardship of estuarine and coastal ecosystems worldwide.

Our mission is to:

- Promote research in estuarine and coastal ecosystems
- Support education of scientists, decision-makers, and the public
- Facilitate communication among these groups

Our affiliate societies:

- Atlantic Canada Coastal and Estuarine Science Society (ACCESS)
- Atlantic Estuarine Research Society (AERS)
- California Estuarine Research Society (CAERS)
- Gulf Estuarine Research Society (GERS)
- New England Estuarine Research Society (NEERS)
- Pacific Estuarine Research Society (PERS)
- Southeastern Estuarine Research Society (SEERS)

Become a member:

Join a global network of scientific experts for professional development opportunities. Current members include students, scientists, researchers, resource managers, policy makers, and educators representing:

- Academic and research institutions
- National, regional, state and local government
- Industry and consulting organizations
- Non-governmental organizations

Member benefits:

- Access to the scientific journals *Estuaries and Coast and Wetlands*, and discounts on other Springer and Wiley publications
- Online member directory
- CERFs Up! newsletter and news updates
- Access to the CERF Webinar Series and our archive of past webinars
- Reduced registration rates for the **CERF Biennial Conference**
- Eligibility for awards and student travel funds
- Postings of job, student, funding, and other opportunities

SAVE THE DATES!

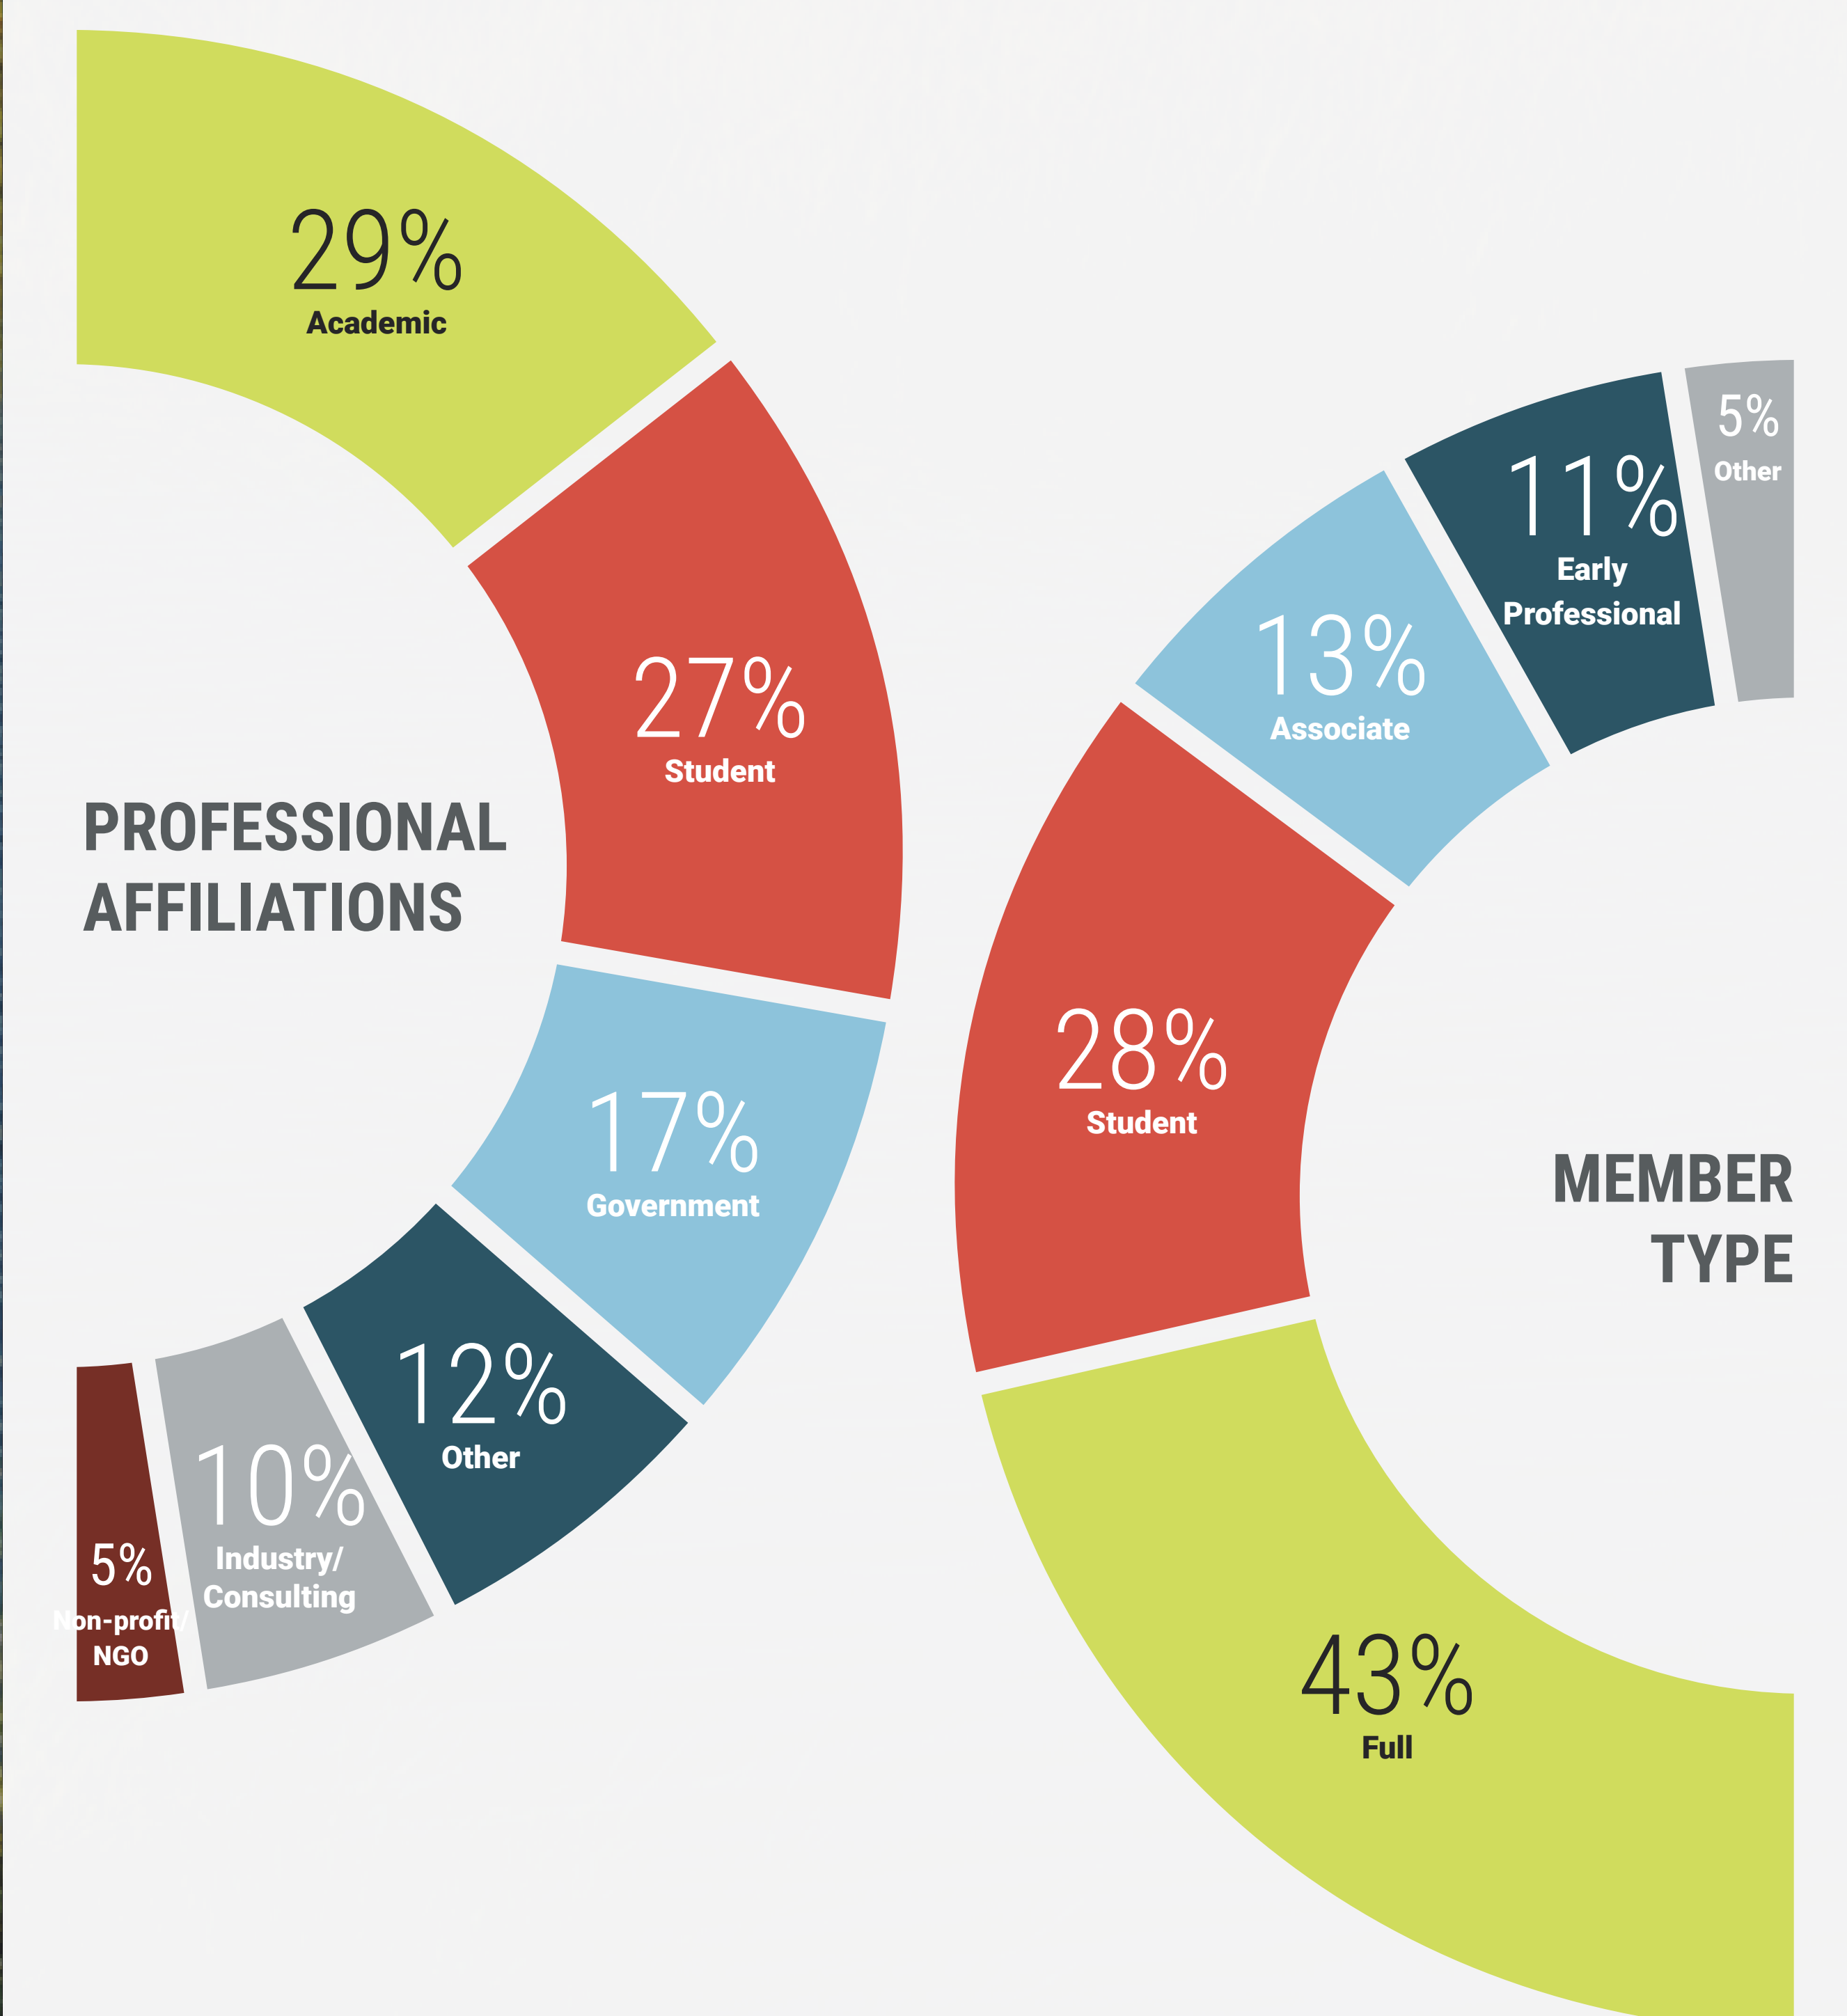

CERF 2021

7-11 November 2021

Richmond, Virginia
