

Agenda PICES WG 38 (Meso/submeso) Business Meeting
Saturday, September 23, 2017,
Room D0501, Bldg. B, Far Eastern Federal University (FEFU) in Vladivostok, Russia

9:00-9:15am *Annalisa Bracco & Hiromichi Ueno*: Welcome and Introduction. Goals of the day

9:15-9:45am *Hiromichi Ueno*: Mesoscale processes and their impact in the North Pacific
9:45-10:00am Questions and Discussion

10:00-10:30am *Dongfeng Xu*: Slope currents and the influence of mesoscale eddies.
10:30-10:45am Questions and Discussion

10:45am-11:00am BREAK

11:00-11:30am *Elena Ustinova*: Mesoscale processes and fish-migrations/fishing-grounds
11:30-11:45am Questions and Discussion

11:45-12:15am *Sachihiko Itoh*: Impacts of physical variability at the meso- and submeso-scales
on larvae transport and marine fish
12:15-12:30am Questions and Discussion

12:30-2:00pm LUNCH

2:00-2:30pm *Sung Yong Kim*: Observing meso/submesoscale turbulence using radar
observations
2:30-2:45pm Questions and Discussion

2:45-3:15pm *Annalisa Bracco*: Seasonality of submesoscale dynamics, coastal implications and
modeling techniques
3:15-3:30pm Questions and Discussion

3:30-3:45pm BREAK

3:45-5:45pm Discussion of Objectives of the WG; pathways forward; Membership, Publications,
Future Activities
